

# Product Data Sheet

HLM 300

## HOPE Series

## Straight Arm Lat Pull Down

The HOPE series focus on “modeling innovation and zero-load work”. The cable driving concept, unique 360 degree rotary design also helps the user adjust their position naturally and smoothly without any extra returned force. The curved shield is made of metal material utilizing LASER cutting state of the art technology. Some of the standard features to this range include low profile tower, ergonomically designed high density seat and back pads, ergonomic non-slip grips, towel racks, drinks and personal items storage slots. The HOPE series is simply a step above.

### Muscle group

Specifications
