

**SteelFlex**

Looking for a centerpiece that draws members in and elevates their training experience? The Steelflex **JG8000S** 8-Stack Jungle Gym is the answer. This isn't just another piece of equipment; it's a comprehensive training solution designed for heavy, club use and built to accommodate up to eight users simultaneously.

Imagine your members seamlessly moving from station to station, engaging different muscle groups and maximizing their workout efficiency. The **JG8000S** offers unparalleled versatility, featuring a cable crossover, two lat pulldown stations, two seated row stations, two tricep stations, and a multi-grip chin bar. This all-in-one design eliminates the need for multiple machines, saving valuable floor space and creating a dynamic training environment.

The **JG8000S** comes complete with two nylon cable handles, two tricep ropes, two short lat/row bars, and two long lat bars, providing everything you need to get started. Its robust construction and thoughtful design make it ideal for users of all fitness levels.

Whether your members are seasoned athletes or just beginning their fitness journey, the **JG8000S** offers a challenging and rewarding workout.
